Year In Review 2022: The Fight Against ISIS

The United States remains in a heightened threat environment. Lone offenders and small groups motivated by a range of ideological beliefs and/or personal grievances continue to pose a persistent and lethal threat to the Homeland. Domestic actors and foreign terrorist organizations continue to maintain a visible presence online in attempts to motivate supporters to conduct attacks in the Homeland.

Before, During and After: Staying Safe in Public Spaces

Mass attacks in public spaces are not uncommon in the United States. This year the country has already experienced 267 mass shootings and several other mass attacks. These types of attacks can be well thought out or random. Individuals may use a firearm, a vehicle, homemade bombs and other methods to cause mass casualties.
