Increase in Tech Support Scams Targeting Older Adults and Directing Victims to Send Cash through Shipping Companies

The FBI is warning the public of a recent nationwide uptick in technical support scams targeting older adults, where scammers instruct victims to send cash, wrapped in a magazine(s), via shipping companies.

Take the First Steps Towards Better Cybersecurity With these Four Goals

Every day, organizations across our country are impacted by cyber intrusions, many of which affect the delivery of essential services. Security professionals and business leaders alike recognize the need to protect their customers, employees, and enterprises against this threat, which raises a simple but challenging question: where to start?
