Personal Security Considerations

The U.S. continues to face a dynamic threat environment for targeted violence towards individuals or organizations that epitomize personal, political, or ideological grievances. This is further exacerbated by misinformation campaigns that aim to sow discord, shape public sentiment, and even encourage violence against individuals. To reduce the threat to personnel associated with ownership, operation, and maintenance of critical infrastructure, the Cybersecurity and Infrastructure Security Agency (CISA) recommends following basic security measures which are detailed below.

Church Resource Guide

Now more than ever, developing a disaster preparedness plan is critical. This plan should include all potential incidents (weather, chemical spills, civil unrest, pandemics, etc.). Based on options for consideration provided by the Department of Homeland Security (DHS), we offer the following links and information to help keep your congregation and property safe.
