Mitigating Attacks On Houses of Worship - Stat Sheet

Acts of targeted violence against houses of worship are a real—and potentially growing—problem in the United States and a top priority for the Cybersecurity and Infrastructure Security Agency (CISA). As the Nation's risk advisor, CISA has prepared the Mitigating Attacks on Houses of Worship – Security Guide based on original analysis to help houses of worship develop a comprehensive security strategy to mitigate future incidents.

BBB Tip: Charitable Giving After A Natural Disaster Or Tragedy

After a disaster or very public tragedy, people want to help in any way possible, and that often means contributing to fundraisers to help the survivors and the families of the victims. Sadly, scammers often take advantage of these moments of vulnerability to deceive donors. In addition, there are often campaigns set up by well-meaning individuals who may not be able to deliver on promised relief activities.
