## Active Shooter Incidents In The United States 2023

In 2023, the FBI designated 48 shootings as active shooter incidents. Although incidents decreased by 4% from 2022 (50 incidents) to 2023, the total number of active shooter incidents increased by 60% from 2019 (30 incidents) to 2023.

The 48 active shooter incidents in 2023 occurred in 26 states and represent five location categories: open space, commerce, education, healthcare, and residence.

## Egypt Is Next: Hamas' Manipulation Of History

Central to any terrorist organization's capacity for operationalization is its ability to draw recruits and public support. Hamas has gained international sympathy with every move Israel made since the October 7th attacks. The strategic architecture served by Hamas's violence is a weaponized narrative that aims to gain international support, fuel radicalization, draw support away from Israel, and legitimize the terror group as a form of governance.
